## Profile:

---

As a seasoned and passionate Fullstack Engineer, I bring a wealth of experience, responsibility, and expertise to the table.

My top priority has always been to deliver business value and prioritize the customer's perspective, and I thrive in team environments where I can collaborate with both colleagues and clients.

Over the past 12 years, I have successfully implemented a multitude of customer requirements, adding substantial value to businesses. In recent years, my ability to work as a dedicated remote team member has allowed me to take on projects across different time zones.

I am eager to continue contributing my skills and experience to drive innovation and growth in this exciting field.
