Vu Quy Manh

Profile:

Responsible, Self-motivated, Experienced Full stack developer.

I have 8+ years development experience at web/mobile/backend.

My expertise includes developing Travel/Business Booking, Delivery services and ERP/MES etc.

As full stack engineer, my main strong skills are react and vue in frontend side, and golang and node.js in backend side.

I have good understanding of modern project development lifecycle and management, and always try to satisfy functional and business requirement.

I'm quick learner and love to research and learn new technologies.
